

WE BELIEVE IN PATIENT CARE WITH COMFORT.....

**SURGI HEALTH PLUS**

**PRODUCT CATALOGUE  
2021-22**

**Designer, Manufacturer & Exporter of  
E.N.T SURGICAL INSTRUMENTS  
&  
EQUIPMENTS**

## ABOUT US

Surgi Health Plus was established with a vision to provide our valued clients with impeccable service in field of advance and update, finest quality handcrafted **ENT SURGICAL INSTRUMENTS**. Along with our team of professionals, we always strive for a "TOTAL QUALITY SERVICES", applied at every stage of manufacturing process which are totally in house controlled .This result in a constant up gradation of the product, and consequently, diversification in its range. Moreover, we maintain a good rapport and confidence with leading surgeons/hospital in India & Asia. Now, We desire to establish and acquire similar confidence/trust by fulfilling your requirements of ENT SURGICAL INSTRUMENT made of **STAINLESS STEEL** and **TITANIUM**. We once again ensuring you personalize, efficient, Time bound service which is our objective that we at **SURGI HEALTH PLUS** strive for.

CE 1023

## INSTRUMENTS CARE

Since the E.N.T. surgical instruments are precision in nature, you are requested to follow the undermentioned instructions for maintaining its delicate and finish properties.

### CLEANING

Distilled or mineral water should be used to decontaminate & rinsed the instruments. For removal of contaminated stuck on the surface use soft bristled brush or ultrasonic cleaner.

### STERILIZATION

Use distilled water in autoclave.  
Autoclave should be rust proof from inside otherwise rust may transfer by steam.  
During dry heat sterilization the temperature should be fully controlled otherwise instrument's hardness may get effected.

### STORAGE

Instruments should be fully dried by hair dryer or in oven with temperature at 70°C - 80°C.  
Medical grade oil can be used on serration, joints, locks, hinges & knurled parts of the instruments.

The company reserve the right to change the shapes/specifications of the instruments without prior notice.

### 2124

#### Specification

Head	: Zoom binocular optical system
Eye pieces	: SWF 15 X with $\pm$ 5 dioters
Magnification	: Straight binocular tube
IPD	: 55 mm - 75 mm
Field of view	: 52 mm - 10 mm
Working distance	: F = 200 mm
Focusing	: 54 mm Manual

#### Coaxing Illumination :

Coaxial 54 mm field of illumination  
Maximum intensity 90,000 lux (variable)  
15v-150w Halogen twin bulb  
Optical Fibre light guide system  
Cooling by inbuilt fan system  
Counter balance hydraulic swivel arm  
Horizontal length of arm : 860 mm  
Vertical height adjustment range : 300 to 560 mm  
Rotation of arm : 320 with lock

**Base :** Mobile heavy floor stand on five caster lockable wheel  
Easy handling and absolute stability

**Power Supply :** AC 220-240 volts, 50 Hz

One drawer & 4 shelves.  
Oxygen cylinder cage & I.V. Rod.  
Mounted on 125mm dia casters.  
Switch & Socket panel for medical equipment.  
Epoxy powder coated.  
Weight 35Kg.

**Electro Surgical Cautery Unit  
2139**

**PRODUCT SPECIFICATION**

**ELECTROSURGICAL UNIT**

Owing to our advance and latest technology, we are offering electro surgical equipment which is versatile; user convenient compact device. It is designed with all latest features which is suitable for visiting consultants, clinics, nursing home, hospitals and for all general surgical procedures. This particular unit provides optimum power for general surgical procedures to perform the user satisfaction.

It is a digital display push switch control providing consistent performance for general surgical procedures and delivers optimum and reliable power. Our electro surgical equipment is extremely convenient for visiting consultants due to compact and light weight nature of the device.

**STANDARD ACCESSORIES**

Monopolar Handle with cable  
Monopolar twin button Handle with cable  
Reusable Metal plate with cable  
Silicon Rubber plate with cable  
Bipolar Forceps with cable  
Monopolar Electrode 5 Nos  
Double Pedal Foot Switch for Monopolar  
Single Pedal Foot Switch for Bipolar

**In Put Power Supply**

Input Voltage : 180-270 V Ac  
Current Fuse : 5 Amps  
Power Consumption : 550 Max.

**Output Control**

Digital display of power with LED Indicator of different modes and push switch control in all modes.

**Safety Features**

Unit construction : As per IEC-60601-1-2 & 60601 - 2  
Protection Class : I  
Unit Type : CF  
Output : All floating Output

**PPFM System**

Measuring Frequency : 125 KHz  
PPFM pad : 5-125  
Non-PPFM pad cond. : Not <. 10  
AUDIO LEVEL : Fix level of audio tone.  
WEIGHT : 4.5 Kg  
DIMENSION : 295x120x285 (LxHxW) mm

**High Speed Sterilizer**  
**2145 Model : SA-232X (16Lt.)**  
 Portable Type Sterilizer  
 Micro-Processor Control System

**Feature :**

- Wide range use: suitable for wrapped / un-wrapped in ophthalmic clinics and hospitals.
- Easy maintenance : sterilizer and the heater is made by stainless steel, So it is easy to keep clean & maintain.
- Sterilization pressure are adjustable from 0.9 to 2.1 kg/cm<sup>2</sup> (approx. 115°C - 134°C) sterilization time 4 minutes / 15 minutes/30 minutes for selection.
- Automatic control from heating up sterilization to time off.
- The entire sterilization process is continuously monitored by a micro-processor indication system, which indicate the program working steps.
- Low water level protection system: the electric power will be cut-off, when the water level too low.

Model No.	SA-232X
Chamber Size	Stainless Steel # 304 230mmØ x 390mm(D)
Chamber Capacity	Approx. 16 Ltrs.
Overall	501(W) x 406(H) x 537(D)mm
Power Consumption	220V-240V / 1.5KW (max.) / 6.5A
Using Pressure & Temperature	# Unwrapped / Wrapped / Liquid 115°C - 134°C / 0.9-2.1kg. / CM <sup>2</sup>
Design Temperature	140°C
Safety Devices	Over Heat (low water) cut off switch safety valve & release valve emergency exhaust valve, door safety holder pressure control switch
Safety Approval	CE-EMC LVD, approved, CE-MDD approved Chamber designed by ASME/U.S.A. Standard
Standard Accessories	Stainless steel # 304, sterilization box / 1pc. Stainless steel # 304 tray / 1pc.

Note :- Also available Model : **SA-230MA / SA-260MA** Pre-Vacuum & Dry Vacuum with Microprocessor Temperature Controlled System.
